

ADA Complaint Procedures

Procedures

The Americans with Disabilities Act of 1990 (ADA) prohibits discrimination and ensures equal opportunity and access for persons with disabilities. Kitsap Transit works to ensure nondiscriminatory transportation is available to all passengers.

ADA complaints are considered any complaints pertaining to ADA issues. Some examples would be excessive telephone wait times, travel times, missed trips, trip denials, wheelchair, or mobility securement constraint issues, or Operator/Staff behavior as it relates to the ADA.

Customer Service reviews customer complaints. Any complaints that may violate the ADA will be directed to our Human Resources Director.

All ADA complaints will be responded to within 7 business days. However, depending on the complexity of the complaint, the total investigation time may take longer than 7 days.

The preferred method for submitting a complaint in writing is to use the online Complaint Form (noted above). If you, as the complainant, would like to submit a complaint in writing but are unable to, a representative of Customer Service will assist you with the complaint. Kitsap Transit is committed to providing open access to its services to persons with limited ability to speak or understand English; if requested by the complainant, Kitsap Transit will provide language translation services.

Complaints may also be filed with external entities such as the Federal Transit Administration, the Equal Employment Opportunity Commission, or the Department of Fair Employment and Housing. Should a complaint be filed with Customer Service and an external entity simultaneously, the

external complaint shall supersede the complaint to Customer Service. However, Customer Service will continue its own investigation of the complaint and make the findings available. Alleged ADA compliance violations should be reported as soon as possible following the incident; ADA passengers should not delay when wishing to file a complaint. Details such as the day of the week, date, and time of all incidents should be included. Any additional relevant information available to provide to the Customer Service Representative will be helpful.

A complaint must be filed not later than 180 days (Title II §35.170) from the date the complainant becomes aware of the alleged violation, unless the time for filing is extended by Kitsap Transit for good cause shown.

Investigations

All ADA complaints will be reviewed promptly upon receipt by a designated employee of Customer Service. It is important that general service complaints will be distinguished from those that rise to the level of potential noncompliance, and complaints of discrimination will be fully investigated. Complaint investigations will include communications with parties involved (i.e. the complainant as well as pertinent operations staff). If necessary or requested, a Human Resources representative will set up a meeting with the complainant to review all pertinent information. Results of the meeting will be documented, and a resolution may be agreed upon at that time.

Resolution

Following the investigation, a representative from Customer Service will promptly communicate its response to the complaint allegations, including its reasons for the response. A resolution will occur when the Human Resources Director has determined that there was no ADA violation, or the cause of the complaint is understood and that the appropriate department(s) have taken action to ensure that measures are in place to prevent the problem from recurring. All complaints of noncompliance received will be documented and kept on file for one (1) year. A record of all complaints will be kept for five (5) years.
